MOVIE NIGHT!

PREY FOR ROCK AND ROLL

“Jacki (Gina Gershon), sexy punk rocker and lead singer of the all-girl band Clamdandy, is at a crossroads. With her birthday fast approaching, she must decide whether or not to keep the promise she made to herself over a decade earlier: Quit the music business at 40 if she hasn't made it by then. The decision gets complicated when old secrets, false hope, and personal tragedies threaten to break up the band.” -- Cheri Lovedog

BAD EDUCATION

“Two kids discover love, cinema and fear in a religious school in the 1960s. Father Manolo, the school principal and literature teacher is witness to and part of these discoveries. The three characters meet twice again over the next two decades. [Their] re-encounters will mark the life and death of some of them.” – Cannes Festival
